

# The Alma Mater

Vol. 1—No. 3

ABINGTON, PA.

June 1, 1924

## Class of 1924

### A SUMMARY OF ITS ACTIVITIES

Every one knows what a Freshman class looks like. Scared-eyed youngsters, mistaking Mr. Barratt for the Principal. Long-haired girls (it always gets cut off before they are Sophomores), thinking Mr. Burlington is a Senior! Short-trousered boys, entering a Senior English classroom, thinking it is Algebra I. Shoes up the flagpole, etc.

The Class of '24 was no exception. It had every fault and all the earmarks of "greenies" on that September day in 1920, when they came from all the township schools, and many other places, to be a part of the class so much in the limelight today.

The first year George Detwiler was President. The class numbered 122 then, and was the largest class matriculating, just as it is the largest class that ever graduated.

In the Sophomore year, Margaret Dougherty entered the class. She has been an active member since that time. Maxey Morrison starred on the track and football teams.

The class was saddened by the untimely death of Charles Mebus, during the vacation between the Sophomore and Junior years.

In the third year, Maxey Morrison was President and Margaret Dougherty, Secretary. In the Senior, and

most important year, the class was leader in all activities and scholastic affairs. Maxey Morrison was again President and Margaret Dougherty was Vice-President. Morrison was also an honor student and played on the football team.

The class, on graduating, numbered 94.

Their names and addresses follow:

Dorothy Ambler, Abington, Pa.; Raymond Ambler, Jr., Abington, Pa.; Henry Arnold, 214 Roberts Avenue, Glenside, Pa.

Walter S. Beck, Willow Grove, Pa.; Edmund Bitting, McKinley, Pa.; Evelyn J. Bowman, North Glenside, Pa.; Allen B. Brooks, Jr., Chestnut Hill (Wyndmoor Avenue), Pa.; Albert S. Bross, Jr., 312 Paxson Avenue, Glenside, Pa.

Samuel S. Chubb, 225 Cliveden Avenue, Glenside, Pa.; Helen M. Clark, 129 E. Mt. Carmel Avenue, Glenside, Pa.; Lois E. Clark, Ivyland, Pa.; Robert H. Cottom, Willow Grove, Pa., Box 64-A; Elizabeth Cridland, Box 91, Ogontz, Pa.

Edith Dabney, Box 63-A, Willow Grove, Pa.; George Detwiler, North Glenside, Pa.; Marion Dolton, Somerton, Pa.; Margaret L. Dougherty, 500 Spring Avenue, Noble, Pa.; Cathleen Douglass, Willow Grove, Pa.

(Continued on Page 7)

## Alumni Reception to New Members

On June 16th the Alumni Association will hold its regular business meeting in the Auditorium of the High School building.

The objectives of this meeting are two-fold: the election of our next year's officers and the reception to the members of the graduating class, who will be present as our guests of the evening.

An interesting musicale, numbering piano, violin and vocal solos, is being arranged, so that talent from our own membership will enliven the business program. We hope to hear from our old friends, Miss Anna E. Sjostrom (1921), David D. M. Haupt (1915), Harold E. Powell (1915), and Theodore R. Gottlieb (1923), as well as others. Alumnae active in former years will be present and are scheduled to contribute to the occasion along with members of the High School faculty.

Upon conclusion of this portion of the program, refreshments and dancing will await us in the "Gym." "The Alumni Serenaders" will again be on hand to provide the dance music that has, on previous occasions, been so greatly enjoyed. Come early, at eight o'clock sharp, so that the necessary

(Continued on Page 2)

## "Try It Again!"

### RECORD FOR EASTER NITE DANCE

The Easter Night Dance, held Monday, April 21st, at the Old York Road Country Club, Jenkintown, proved cause for congratulation to the members of the Alumni Association and the Committee that sponsored it. The large attendance filled the Club to overflowing. Many members of the Association whose faces have long been unfamiliar at Alumni affairs appeared to share this gala event and expressed their enjoyment and appreciation. The music, furnished by Pat Reilly's Orchestra, was in true all-collegiate style; but, best of all, the proceeds, with all costs accounted for, swung the Association's treasury balance up \$95 on the credit side.

It had been felt for some time that a dance given elsewhere than in the High School "Gym" would meet with popular approval. Accommodations here are not all that could be asked for, especially in regards to seating arrangements and cloak rooms. The Club House of the Old York Road Country Club had just recently been remodelled and, with every convenience at hand, the overwhelming percentage of Abington graduates present still kept the tone of the affair distinctly within the precincts of Abington High School interests.

James E. Brown, '19, engineered all necessary arrangements.

### Alumni Reception to New Members

(Continued from Page 1)

business may be moved with dispatch and the way cleared for "the frolics." Chairman Gottlieb is making every effort to give "1924" a pleasant introduction to our activities. Come out and lend a welcoming hand!

## High School Activities

The following schedule of High School events will undoubtedly be of interest to many members of the Alumni Association:

- June 2. Senior exams commence.
- June 3. Haverford game (away).
- June 4. Senior Play.
- June 8. Baccalaureate Sermon.
- June 12. Class Day.
- June 13. Commencement Day.
- June 16. Alumni Night.
- June 18. Close of school.

## Senior Play

The Senior Class Play, "Tillie, a Mennonite Maid," adapted from the book by Helen R. Martin, was given on Friday, May 23d, Saturday, May 24th, and Wednesday, June 4th.

The excellent and creditable performances upheld all the former standards made by senior class plays. Much of the credit is due to Mrs. Wyatt, whose ability in coaching plays has been proven many times.

Edward Kline, as "Dr. Weaver," Donald Funk, as "Absalom," and Raymond Ambler, as "Hiram," were the outstanding figures in the first evenings' performances. On Saturday, Sheldon Hoffman and Irvin Reissen especially delighted the audience. The cast for the third evening was chosen from those giving the best and most enjoyable delineations on the preceding nights. A large crowd was there and they all departed well pleased with the ability and prowess shown by the Class of '24.

## Alumni Prizes

The 1924 Alumni Prizes will be something of a departure from the usual practice of the Association. It has been decided that two loving cups be given—one to the young man, and one to the young woman whose qualities of character and record for scholarship and school activities make them the outstanding figures in their class. These cups were purchased from Corrigan & Company and are engraved with the name of the Association and the recipients, together with the words, "For Scholarship, Character and School Activities," and the year received.

It is felt that this arrangement will prove more satisfactory than presenting the six students of highest standing in the six different departments of the High School with a small cash prize, as has hitherto been the custom.

## At Last!

The Addressograph has arrived! This machine is an up-to-date model, and costs the Association \$60. Plates listing correct addresses have been made. With this outfit the Secretary may get out notices to the entire membership of the Association in less than an hour's time. Don't forget to keep her posted regarding change in address.

## Junior Field Day

On Saturday, June 7th, Junior Field Day will be observed at the High School Athletic Grounds. Students from the schools of six suburban townships will participate: Abington, Cheltenham, Upper Darby, Lower Merion, Radnor and Haverford. Come out and root for our home team! It is hoped to make the Junior Field Day a prominent annual spring event.

## Here and There

Turbeville, Va.

I am glad to see the Alumni Association making such progressive strides as they have made during the past year. Best of luck and keep the good work moving.

Sincerely yours,

CHAS. H. KAUFFMANN, '18

Chicago, Illinois.

Best wishes for unlimited success! Fact is, the "Alma Mater" is worth a good many bucks to an exile.

LAWRENCE DOYLE, '18.

April 10, 1924.

Mr. Robert R. Taylor, Treasurer,  
Prospect Ave., Willow Grove, Pa.  
Dear Mr. Taylor:—

Many thanks for the copies of the "Alma Mater," which are so brim-full of interesting reading matter. The "Personals" are most interesting, for I've always been glad to learn of the various activities and successes of my former schoolmates.

Much credit is due the members of the Staff, who are responsible for the Alumni Directory.

It is to be hoped the "Old Grads" will support the Staff, who are doing their part to make the life of the "Alma Mater" a long and prosperous one.

With the best of wishes for its success, I am

Sincerely yours,

ANNA L. DAVIS, '16.

### GRADUATING

1918—Ralph Gracey, from Hahne-mann Medical College; Surgery.

1920—Harry Orbell Yates, from Maryland University; Agriculture.

1920—Myrtle Beryl Pierson, from Teachers' College, Columbia University; Physical Education.

1920—Beatrice Marie Griffith, from University of Pennsylvania; A.B. Latin.

1920—Theresa A. Young, from University of Pennsylvania; B. S. Psychology.

1918—Harriet L. Smith, M.A., from University of Pennsylvania. Major: English and Minor Philosophy. Miss Smith received her A.B. from University of Michigan in 1922.

Are brothers of an ampler day  
For ever nobler ends."

## Athletic History

In reviewing the athletic work of the past year at our Alma Mater, we cannot help but feel the glow of successful endeavor mounting in our inner self—we who at one time comprised the student body at Abington. The season, taken as a whole, has been successful—very successful. The showing in the major sports (football, basketball and baseball) has been especially satisfactory.

The football season (which is really the first sport in popularity and also the first one in line in the school year) was, without a doubt, a very inspiring one and one to which the succeeding teams can look up to and feel confidence in the ability of Abington to do great things.

Basketball also left its high-water mark of success, more especially so with the girls' team, which won eleven out of fourteen games.

Baseball, so closely associated with spring-time, comes next. The results have been very encouraging up to the time this article goes to press. Nine games have been won, one tied and one lost. Does anyone wonder that we feel proud of the record Abington is making in athletics, as well as in scholarship?

Concerning the minor sports, as a final summing-up, we have to consider track, tennis and swimming, of which the first and second are, at present, by far the most important. The latter is a new field of endeavor for Abington.

The track team started out rather poorly, but improved considerably during the season. The Penn Relays opened the season, at which Abington succeeded in placing second. This was followed by the interscholastic meet at Cheltenham, which proved to be a Jonah for the entire team, as they only succeeded in making three points.

(Continued on Page 6)

## The Hering Scholarship

This June the Walter E. Hering Scholarship to the University of Pennsylvania will again come to a member of the High School graduating class. This honor is awarded every other year to an Abington graduate. The scholarship covers the cost of two years' tuition at the University of Pennsylvania and is given on the basis of scholastic standing and general merit.

Miss Theresa A. Young, who was the first to receive this scholarship in 1920, graduates from the University of Pennsylvania this June. Miss Young has majored in psychology and plans to teach. Miss Bertha L. Eastwood, who won this distinction in 1922, is now completing her Sophomore year in the pre-medical school. Her intention is to study dentistry and specialize in dental hygiene and social work.

## Treasurer's Report

### RECEIPTS

Balance, cash in bank,	
April 1, 1924.....	\$62.37
Dues received.....	51.00
Receipts from dance...	88.40
Gift .....	1.00
	<b>\$202.77</b>

### EXPENSES

Stationery .....	\$11.95
Gift to School Library.	25.00
Dance posters .....	1.50
Bank balance.....	164.32
	<b>\$202.77</b>

The officers of the Association and the members of the "Alma Mater" Staff desire to express their appreciation, at this time, for the support that has been extended in a financial way by those members of the Association who have paid their dues and supported whole-heartedly the activities which were given, with that goal in view—a firm financial footing.

There has undoubtedly been more money expended within this last year than ever heretofore, but we feel that the expenditure has not been without its returns in both enthusiasm and co-operation of the Alumni Association.

## To the Alumni:

The Alumni Association has been rowing a losing race with the High School and her institutions. We have been resting on our oars so long that the churned waters are placid once more. Just at present we are about in sight of each other. It is high time that we perfect our stroke and lean on our oars together, so that we may journey along with A. H. S. Let us all pull together or we shall pull apart.

We are all justly proud of our Alma Mater, its physical properties, its scholastic standing, its athletic achievements and its many other activities. There is no reason at all why the graduates, those who helped to build up A. H. S., should not have a real active Alumni Association. Then the student body could be proud of us.

Individually, I believe, we all have the desire, spirit and enthusiasm to get behind the Alumni Association. It is necessary to concentrate, bundle together this loose enthusiasm in order that we may be effective. Our situation may be likened to a swift-flowing stream, tumbling and rushing down a mountainside. Its potential value is vast. Not until promoters, bankers, engineers and labor set to the task of harnessing this resource, and making it turn the wheels of industry, light cities, and do hundreds of other things indispensable to our modern life, does it become of real value.

There seems to have been a change for the better this year in the Alumni affairs. It almost appears as if we are really on our way to the place we should hold in the community and within the High School circle. There certainly must be a reason for this sudden spurt of activity. Beyond a doubt, there has been more enthusiasm and co-operation among the members this year. A little of this breeds much confidence in the officers and members, so that when a plan of activity is mapped out, it can be carried through without any hesitancy or fear that it will fall through.

The "Alma Mater" has proved to be the life-saving serum in the life of our Association. I fear we do not all appreciate the earnest efforts of the Staff. They have striven to give us something worthwhile. They have realized that nothing worthy of mention can be achieved in our social, economic, political or religious life without an expenditure of labor and sacrifice. The sooner we all realize this, the larger and better the Alumni Association will be. The "Alma Mater" has served the Association well, in bringing our non-resident Alumni closer to their old stamping-ground. It has accomplished so much this year that it will be fatal for the Association if it is discontinued in the future. However, the "Alma Mater" is here to stay.

Thus far, all our events have been successful. The meetings, dances, the "Alma Mater" and the renewed co-operation of an increasing number of members all point this way. This, indeed, fills one with hope for the immediate future. In June we face one more test. The largest meeting of the year will be held on Monday, June 16th. This will be the most important meeting for many reasons. Officers for the coming year are to be elected; the Class of 1924 will be received into our membership; the social features planned surpass all past efforts. We are to choose several officers, who should feel the responsibility of their trust and carry on the Association's activities, with staunch determination to make next year the best year the Association has ever enjoyed. Do not lose sight of the fact that the few officers that are elected can accomplish nothing alone. They must have your continual support. This has been proven repeatedly. If we get behind them from the very start, they cannot fail. Give this matter some thought beforehand, for we must choose the best we have.

Remember, "1924" will be present! The participation of this large, energetic class in our activities will be a boon for us. It is desired that every class from '88 to '24 will be well represented.

"Co-operation always wins!"

WALTER SCHERBAUM, '19.

As "The Alma Mater" goes to print for the third and last time under the present staff, we wish to take this opportunity to thank those members of the Alumni Association who have helped us make it possible by contributing either in the form of letters, news items or articles.

The life of "The Alma Mater" undoubtedly depends on the support it receives from the Association. News, after all, should be the mainstay of its existence and growth, and it cannot be gathered entirely by the members of the staff, assistance from the Association is imperative.

It requires very little effort on the part of many to drop a line to the news editor whenever anything of interest has happened. To gather this without this assistance is exceedingly difficult. The staff next year will appreciate this co-operation equally as much as we have—let us all do our bit and the future of this new arm of the Abington High School Alumni Association will be assured.

To the future staff we wish to extend our heartiest good wishes for a successful year. We feel sure co-operation will not be lacking and that the future usefulness and popularity of the paper will increase and expand. What-

ever assistance we, as a staff or individually, may be able to give at any time in the future is yours for the asking. We all want to see the Association become the largest and most active of its kind, and we feel that this can only be accomplished by acquainting all of its members of the activities of the Association as a whole as well as of its individual members.

### A Correction

In the last issue of the "Alma Mater," the report on the girls' basketball game with Jenkintown Alumni girls' team was given incorrectly. The Abington team lost, the score being reversed, 17 to 12 in favor of Jenkintown.

### From the West

Scappoose, Oregon, April 29, 1924.

Referring to your letter, asking for reminiscences of school days, I was wondering if the younger members would be interested in just how and when the Alumni was organized. The Class of 1894 was invited to attend the annual alumni meeting of Cheltenham High School. Accompanied by Prof. Flack, we journeyed forth, not in automobiles, as youth now travels, but by various conveyances.

It may have been the school spirit, it may have been the social side, which appealed to us. At any rate, we came home, enthusiastic and resolved to have an Alumni for A. H. S. A meeting was called, under the supervision of Prof. Flack, officers were elected, committees appointed (especially one on By-Laws), and we started to grow. We also became affiliated with the Montgomery County Association.

It was my pleasure to attend the commencement exercises of A. H. S. last June, a sight which was truly inspiring. All those fine young men and women, trained to step forth, and ready to make this world the better for their having lived in it, ready for service to their fellow-man and country, what more could you ask?

One of the inscriptions in the Congressional Library, Washington, D. C., reads: "The foundation of every State is the education of its youth." I think it goes farther now, and we must think that the foundation of our nation, in fact, the whole world, is a matter of education. Sentiment and facts for Prohibition, against tobacco, etc., should be taught in our public schools from the first grade up. Educate our youth to eliminate self and study service, and greatness, which is a normal healthy desire of every youth, will be thrust upon them.

GRACE AMBLER NIBLOCK,  
Class of '94.

April 14, 1924.

Mr. Arno S. Farenwald,  
407 Oakdale Avenue,  
Glenside, Penna.

Dear Arno:—I received the copy of the "Alma Mater" this morning, and want to express my appreciation for the effort of the Alumni Association to get all the graduates together. The news contained therein was interesting and very welcome.

It is with a great deal of regret that I have been unable to get to any of the Alumni meetings, but my thoughts have always been there. I shall think of you all tonight, as I am preparing for an examination. I have never been home at the time of the meetings and, hence, have never been able to manifest much interest.

I would like to correct one small mistake in the last issue of the "Alma Mater," and that is that I am General Secretary of the Sheffield Scientific School Christian Association of Yale University, and not of the New Haven Y. M. C. A., as reported. To say such a formidable title takes a whole mouthful, but I am commonly known as "Sheff. Secretary." The work in the Christian Association takes a great deal of my time, so I have been forced to take a few courses at the Divinity School, instead of regular schedule. I shall most likely get my degree in 1927, instead of 1926.

There doesn't seem to be much chance of my being home in June to attend Commencement, since I am returning to the 1923 reunion at Lafayette College, and then going up to Maine, to a summer camp, where I shall spend the majority of the summer.

I am wishing all the success possible for the Alumni Association of A. H. S.

Very sincerely,

JOSEPH R. KIDD.

### The Hering Scholarship

(Continued from Page 3)

This scholarship is one of a number of scholarships maintained by Mr. Hering at the University of Pennsylvania. Back in 1920, officers of the Alumni Association visited Mr. Hering and secured his promise that one of these scholarships be definitely assured an Abington High School graduate. Mr. Hering, as a resident of Abington, was deeply interested in this project for his home town. The assignment of this scholarship to our High School is one of the practical achievements of the Alumni Association.

### High School Library a Growing Asset

With the opening of the new wing of the High School building, in September, the High School Library, which, year after year, has been slowly evolving from nebular groups of reference volumes and scattered bookcases, moves into permanent quarters. To an Alumnus this fact is patent to the progress our High School is making. For the last three years the Board of Education has employed the services of a Librarian, and this year, for the first time, Miss Charlotte Ayers, the present Librarian, has been on a full-time basis. The new Library will occupy that portion of the annex that immediately adjoins the main building and looks out over the front campus. Sixty readers may be accommodated at once, and provision is made for 5,000 volumes.

A drive during the month of February netted the Library \$55 in cash and 300 volumes. Many of these were works of merit in current fiction, from friends of the School and eagerly welcomed, to supplement the reading lists. The Alumni Association, at a business meeting on April 11th, voted a donation of \$25 to the Library. This was largely applied to replacing worn-out copies of books required in connection with the English classes. This coming year the Vocational Club plans to secure books of special interest to vocational students. The present Library contains 1,600 volumes.

In the matter of equipment, the new Library room will be fully up-to-date. There will be a rack and file for periodicals, a display case and bulletin, an atlas case, a file for catalogs, a vertical legal file, a charging desk, a bulletin board, shelving as required and a number of bookcases with glass doors.

There are 700 works of fiction in the present Library. Every effort is made to encourage, among the students, the formation of proper reading habits, and, aside from those standard works which bear directly upon the course in which he is enrolled, he is introduced to wider fields in the book he ought to have read. Biographical books, such as Mary A. Parkman "Heroes of Today," and "Heroes of Service," and Joseph Husband "Americans by Adoption," are especially featured. The Library, it is felt, is the institution's right-hand asset.

Do you ever visit St. Peter's Church Fourth and Pine Streets, Philadelphia? Harold W. Gilbert, of 1911, is organist and choirmaster. Mrs. Gilbert will be remembered as Miss Florence Dietrich of 1915. The couple have one child, a boy of three.

**Athletic History***(Continued from Page 3)*

These were made by Morrison in the hurdles. In the Glen Mills meet, Abington began to show improvement and took third place in the meet, with 12½ points. Abington won the dual meet with Chester, took third place at the Lower Merion meet and won the dual meet with Cheltenham.

The girls also entered the field of sports in track this year and have proven that basketball is not the only sport at which they can successfully prove their ability. After an inter-class meet, which the Freshmen won, they entered in a triangular meet with Jenkintown and Cheltenham and won easily.

The tennis team broke even during the season; but, considering all the conditions, we cannot help but feel encouraged for the future of this sport.

Fellow members, have you any doubts as to the future of A. H. S., with such a record as has been made? If so, you should forget them by once more reviewing the events of the past year.

**Baseball Schedule****April—**

- 11. Swarthmore, 2; Abington 1.
- 15. Abington, 11; Ridley Park, 11.
- 24. Abington, 18; Glen-Nor, 8.

**May—**

- 2. Abington, 12; Berwyn, 1.
- 6. Abington, 8; Swarthmore, 4.
- 13. Abington, 5; Jenkintown, 4.
- 16. Abington, 8; Haverford, 3.
- 20. Glen-Nor game postponed.
- 23. Abington, 12; Cheltenham, 0.
- 26. Abington, 5; Ridley Park, 3.
- 27. Berwyn game postponed, rain.
- 29. Abington, 17; Jenkintown, 5.

**June—**

- 3. Abington, 7; Haverford, 2.

**First Team Line-up**

Stan, shortstop; Kneezel, 2nd base; Hutmaker, 1st base; Mann, center field; Bubeck, pitcher; Snyder, right field; Cottom, catcher; Bitting, left field; Clarke, 3rd base.

**High School Tennis Schedule****May—**

- 2. Cheltenham, 5; Abington, 0.
- 12. Ambler, 3; Abington, 2.
- 15. Lansdale, 2; Abington, 3.
- 19. Cheltenham, 5; Abington, 0.
- 24. St. Joseph's Prep., called off.

**Players**

Singles: H. Hancock, C. Knight, W. Reeder and A. Brooks.

Doubles: Rosenau and Therbaum, Reeder and Funk.  
Sheldon Hoffman and Irvin Niessen

**Personals**

1894—Mrs. Russell Niblock (Grace Ambler), whose interesting letter appears in another column of this issue, is now making her home in Scappoose, Oregon. The Niblocks left this vicinity over ten years ago because of Mr. Niblock's poor health. Frequent visits to the East have kept them in close touch with their many friends and alive to Abington interests. There are two boys, approaching high school age. From all reports the Niblocks are enthusiastic Westerners.

1916—Our congratulations are extended to Mr. and Mrs. Harold Reading, of Ivyland, Pa., upon the arrival of Horace Chester Reading, last April. Young Chester has one brother, Wesley Calvin, who is now three years old. Mrs. Reading will be remembered as Miss Edith Palfrey.

1916—Our congratulations are extended to Harold Stout, of Weldon, upon the announcement of his engagement to Miss Marian Grafe, of Germantown. Just a year ago, Mr. Stout received the important appointment of organist and choirmaster of the Church of Our Saviour, Jenkintown. Miss Grafe is also a musician of note.

1917—Our heartiest congratulations are sent out to George Wood Headly, of Jenkintown, whose engagement to Miss Margaret Starne Miles, of Wissahickon, has recently been announced. Mr. Headly is at present employed by the Cortright Coal Co.

1920—Charles Merrill Ambler is now playing on the Lehigh University baseball team.

Professor Charles Kuhn, who taught chemistry at Abington in 1914-1915, has recently been affiliated with his father, in Harrisburg, Pa., in the shoe manufacturing business. Mr. Kuhn has also started a small music publishing business, putting out cantatas and songs for Sunday Schools.

These members of the Class of '22 are furthering their studies in the schools or colleges undernamed:

Arthur Bready.....Penn State  
Mamie Bubeck....Taylor School  
Carolyn Chubb....Miss Illman's  
Bertha Eastwood.....U. of P.  
Dorothy Fincke.Randolph-Macon  
Marie Fulmer...Randolph-Macon  
Raymond Hamilton.....Drexel  
Joseph Hunter.....Lehigh  
Robert Martin.....Temple  
Helen Peirson.....Carnegie Tech  
Paul Sassaman.Haverford College  
Eliz. Stewart.West Chester Norm.  
Hazel Tomlinson.....Temple  
Mercer Walton.....Temple  
Elizabeth Williams.Miss Illman's  
John Williams.....Penn State

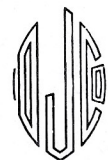

**JUNE 16TH MEETING**

In another column of this issue you have read of the next meeting. Every one who has attended the last meetings can vouch for the good time they had dancing, etc., as well as the pleasure incurred in meeting all friends. The next meeting, on June 16th, will undoubtedly be the best ever; let us all get together in this last meeting of the present term.

That favorite rendezvous for undergraduates, "The Abington Drug Shop," has recently come under the management of J. C. Powell. Only the last three or four classes will be interested in the notice, but to them it brings back memories of many chocolate sodas imbibed after the toil of the day at A. H. S. And as a forbidden haunt in the lunch hour!?
